Project Cost: \$1,000,000.00

The Palm Beach International Boat Show is an annual boat show which takes place in West Palm Beach along the west side of the Intracoastal Waterway (ICWW) / Lake Worth extending from Fern Street to Banyan Boulevard in the city of West Palm Beach.

The Chappell Group, Inc. (TCG) provided permitting services for the boat show and the associated submerged land lease. As required by permitting agencies, The Chappell Group provided permitting services for the proposed structures and submerged land lease with survey assistance from McLaughlin Engineering Company, Inc. Environmental Permits were obtained from the U.S. Army Corps of Engineers and Florida Department of Environmental Protection. TCG will continue to provide permitting services for the boat show on an annual basis.

Boat show occurs annually in March.
