3563 NW 53rd Street
Fort Lauderdale, FL 33309

The Chappell Group, Inc. is the lead environmental consulting firm conducting the review of biological assets in 48 School Board of Broward County (SBBC) schools. The purpose of this review is to develop a monetary and ecological value associated with existing biological assets for the 48 schools.

The Chappell Group is responsible for the review of 24 schools in the SBBC's North and North Central Areas. Specifically, the Chappell Group will inventory the existing canopy/trees, confirm the sodded areas, and constructed wetlands.

The Chappell Group, Inc. will perform these tasks for Craven Thompson & Associates, Inc. and the School Board of Broward County through 2009.
